

## LIBERAL RULING IN DIVORCE LAW.

Justice Scott Makes Important Decision on the Statute Regarding Alimony Recently Passed at Albany.

## WIVES WILL NOT SUFFER.

The technical words of the new divorce law that went into effect this year, providing that there shall be no alimony granted during three months while an interlocutory judgment is pending before the entry of a final judgment, has been very broadly interpreted by Justice Scott in a decision handed down in the Supreme Court today, in the case of Carley vs. Carley. Justice Scott argued that it would be a hardship to deprive a woman and her children of alimony. He says: "It would be manifestly unreasonable to suppose that it was the intention of the Legislature to deprive the wife of support during the three months between the entering of the interlocutory judgment and the final judgment." The Court allows alimony to continue during the three months notwithstanding the words of the new law. In the case in which Justice Scott handed down the important decision, Augusta Carley Corley sued her husband, Earle Corley, for divorce on statutory grounds. The interlocutory judgment entered in her favor provided that she was entitled to a divorce, should have the custody of her child and be allowed alimony of \$10 a week. This judgment under the new law would not become final for three months. A. H. Hummel said this morning that Justice Scott's decision was a very wise one. He said: "Under all circumstances the husband, who is the natural bread-earner, should provide for the support of the wife. To keep the wife for three months without practical aid from her husband would be manifestly unjust. The new law was hastily drawn and without the advice of lawyers versed in the divorce law of this State. The broad construction of Justice Scott was the only proper construction that could have been put upon the law."

## HELD FOR BLOWING UP ENEMY'S HOME

Bronx Italians Must Stand Trial for Using Dynamite as Result of Love Affair.

Frank Delacappa and Giovanni D'icola, both of No. 23, York avenue, the Bronx, who are accused of having attempted to blow up the saloon of Joseph Rizzo at Villa and Van Courtlandt avenues, were each held in \$2,000 bail for trial by Magistrate Mott in Morristown Court today. Vincent Diopola, father of Giovanni, who was also arrested in connection with the case, was fined \$10.

The affair was the outcome of a feud resulting from a love affair. Dynamite was exploded beneath the stoop of the saloon. The stoop was blown to pieces and windows in the house were smashed, but none of the twenty-six inmates were hurt.

**DRINK; PAUPER'S GRAVE.**  
CHICAGO, Oct. 21.—From political power, wealth and the ranks of the aristocracy in England and Canada to a pauper's grave, will probably be the end of Isaac Phillips, said to have been the son of an old family of Carlisle, England. Yesterday he died in police ambulance. His body is at the Morgue. His downfall is attributed to drink.

## POLICE BEAT A GERMAN SAVANT

Dr. Paul Bronnie, Engaged in Making Scientific Research, Is Clubbed Without Reason and, He Says, Robbed.

## SPECTACLES AND \$40 GONE

Police Commissioner Partridge will today investigate the charges of Dr. Paul Bronnie, a German savant, who says he was brutally beaten by the police and locked up for no apparent cause, and then robbed of \$40 and a pair of gold spectacles. Dr. Bronnie has also appealed to the German embassy at Washington. Dr. Bronnie is thirty-five years old and is engaged in scientific research for an encyclopedia company. Policeman Smith, who made the arrest, says Bronnie was lying in the gutter under the influence of liquor, but while Dr. Bronnie admits he had been drinking he denies that he was intoxicated. The policeman says his prisoner fought hard to get away, and that he was forced to use his club and call two other policemen to his assistance. Dr. Bronnie now has large black and blue marks on his arms and legs as remembrances of the encounter. He was locked up in a cell at the Mercer street police station, where he was held until next morning, when his case was dismissed by Magistrate Brann in the Jefferson Market Court. Capt. Chapman, of the Mercer street police station, says Dr. Bronnie got everything he had when he was brought to the station-house. He thinks he was intoxicated and lost part of his money and his spectacles. Dr. Bronnie lives at the Hotel Helm, No. 126 University place. The proprietor heard the commotion caused by the arrest and went outside to investigate. He says Dr. Bronnie was not drunk and he could see no reason for the arrest. He remonstrated, he says, but did no good.

## OVERLOOKED. There Are Patent Medicines and Remedies Without Number

For Every Disease and Affliction But One. A prominent physician was recently asked why it was that there are so many "blood purifiers," "nerve tonics" and remedies for every ill, except one of the most common and annoying, viz.: piles. He replied, there are two principal reasons. First, physicians and people in general have thought that the only permanent cure for piles was a surgical operation, that medicinal preparations were simply palliative. Another reason is that piles is in no sense of the word an imaginary disease; the sufferer from piles is very much aware of the fact, and for this reason, the few so-called pile salves, ointments, etc., have been short-lived. The patient very soon discovers their inefficiency. He says, further, fortunately, however, there is a new remedy for piles, which, judging from its rapidly growing popularity, will soon take the place of all other treatments; it has certainly made astonishing cures in this obstinate disease, and its merit has made it famous among physicians, and wherever it has been introduced. This remedy is sold by all druggists under the name of Pyramid Pile Cure.

From the immediate relief which the Pyramid Pile Cure gives in all forms of piles, many physicians supposed it contained opium, cocaine or some similar substance, but upon analysis it was found to be perfectly free from anything of the kind, and that the instant relief and cure which follows its use is rather the result of its remarkable healing, soothing action on the parts affected. The Pyramid Pile Cure is the only remedy, except a surgical operation, which immediately relieves and permanently cures every form of piles. It is sold by druggists at 50 cents and \$1, or by mail from Pyramid Drug Co., Marshall, Mich.

## Weak and Tired.

"Do you suppose your Vinol would do me any good?" said a woman customer the other day. "I just drag round. My work seems an awful burden." "I think Vinol will help you," said our clerk. "Our folks at home use it. We have such faith in it that we will pay the money back if it doesn't help you."

She took a bottle of Vinol home and has since bought another bottle.

Vinol was sold last year on the same guarantee. How many "refunds" were there, do you think? Less than two per cent.

In other words, Vinol did successful work in ninety-eight cases out of 100.

For two great classes, those who can't seem to gain strength, and those who are tired at nothing, we say: "Try Vinol on our guarantee."

# The New Picture Store Says: "Welcome!"

## And Announces a Most Extraordinary Sale.

IF THIS new Gallery of Fine Art were planned along less boldly original lines, if it were not up to the very minute, if it were not as complete as money and brains can contrive, we would not speak of it with such enthusiasm. The new Picture Store cannot be praised too highly. It is more than a place where framed art is exchanged for the coin of the realm. It is an exposition centre of many of the cleverest artists of the period.

## No Retail Picture Store in This Country Is More Attractive in Its Various Features.

During the past few months the Picture Store has been entirely changed, and the present sale really represents its formal opening. As it is to-day, the Picture Store, on the Third Floor, is a place of visual and mental delight and instruction. It is brilliantly attractive with its bright lights, striking color contrasts, harmonious groupings, correct artistic effects and beautiful embellishments.

Being emphatically THE LARGEST PICTURE STORE IN THE WORLD, it naturally permits a scope of subjects that would be prohibited by less comprehensive displaying facilities.

The prices named for this sale are unquestionably the most attractive that any store has yet announced. The volume of business resulting should be enormously large.

## Photocolors.

These Photocolors are without exception the greatest bargains of the kind ever brought to the attention of the great buying public of the metropolis. The color schemes are vividly natural, while the frame work is uncommonly good. These pictures ornament any wall.

This is really a decidedly sensational transaction, and for several very important reasons. First, the range of selections is eminently large and thoroughly satisfactory. Secondly, the qualities are representative of the best that the leading manufacturers of this country produce. Thirdly, the prices are exceptionally attractive, being in some instances just a shade above actual wholesale cost.
